I would like to thank you for the warm hospitality of you and your associates during my recent very pleasant visit [redacted] I much appreciated the opportunity for a good exchange of views with you and I look forward to close and mutually valuable cooperation again between our two organizations.

I also want to thank you for the magnificent gifts in copper which you presented to me and my associates at the lunch after my arrival. Mrs. Casey particularly appreciated the lovely copper tray and cup and saucer set. The gifts will always be a pleasant reminder to us of our time [redacted]
